Student Rules for Automobile Use

All students who drive to school must register their car(s) in the office the first week of school. The student vehicle registration fee is \$30. A parking decal must be displayed. Students who are in the parking lot during the school day are subject to detentions or suspensions. Driving to school and the use of the parking lot is a privilege that can be revoked at any time by a principal for reasons deemed necessary. Reckless or unauthorized operation of a motor vehicle on school property or in the vicinity of school vehicles may result in detention, suspension, or loss of driving privileges. The school has a right to search any automobile in the school parking lot if administrators have reason for suspicion. Parking off school grounds is not permitted. Suspension will result from parking off school grounds. Finally, students that drive to school are subject to random drug testing – students refusing to be tested or students who test positive will not be allowed to drive to school for the rest of the school year.

I understand and agree to follow school policy for vehicle use.
